Pager: 714-201-0281

Directions to Las Gaviotas

From California drive south on 5 Freeway to the border. You may take 5 or 805 Freeway from the San Diego area to the border.

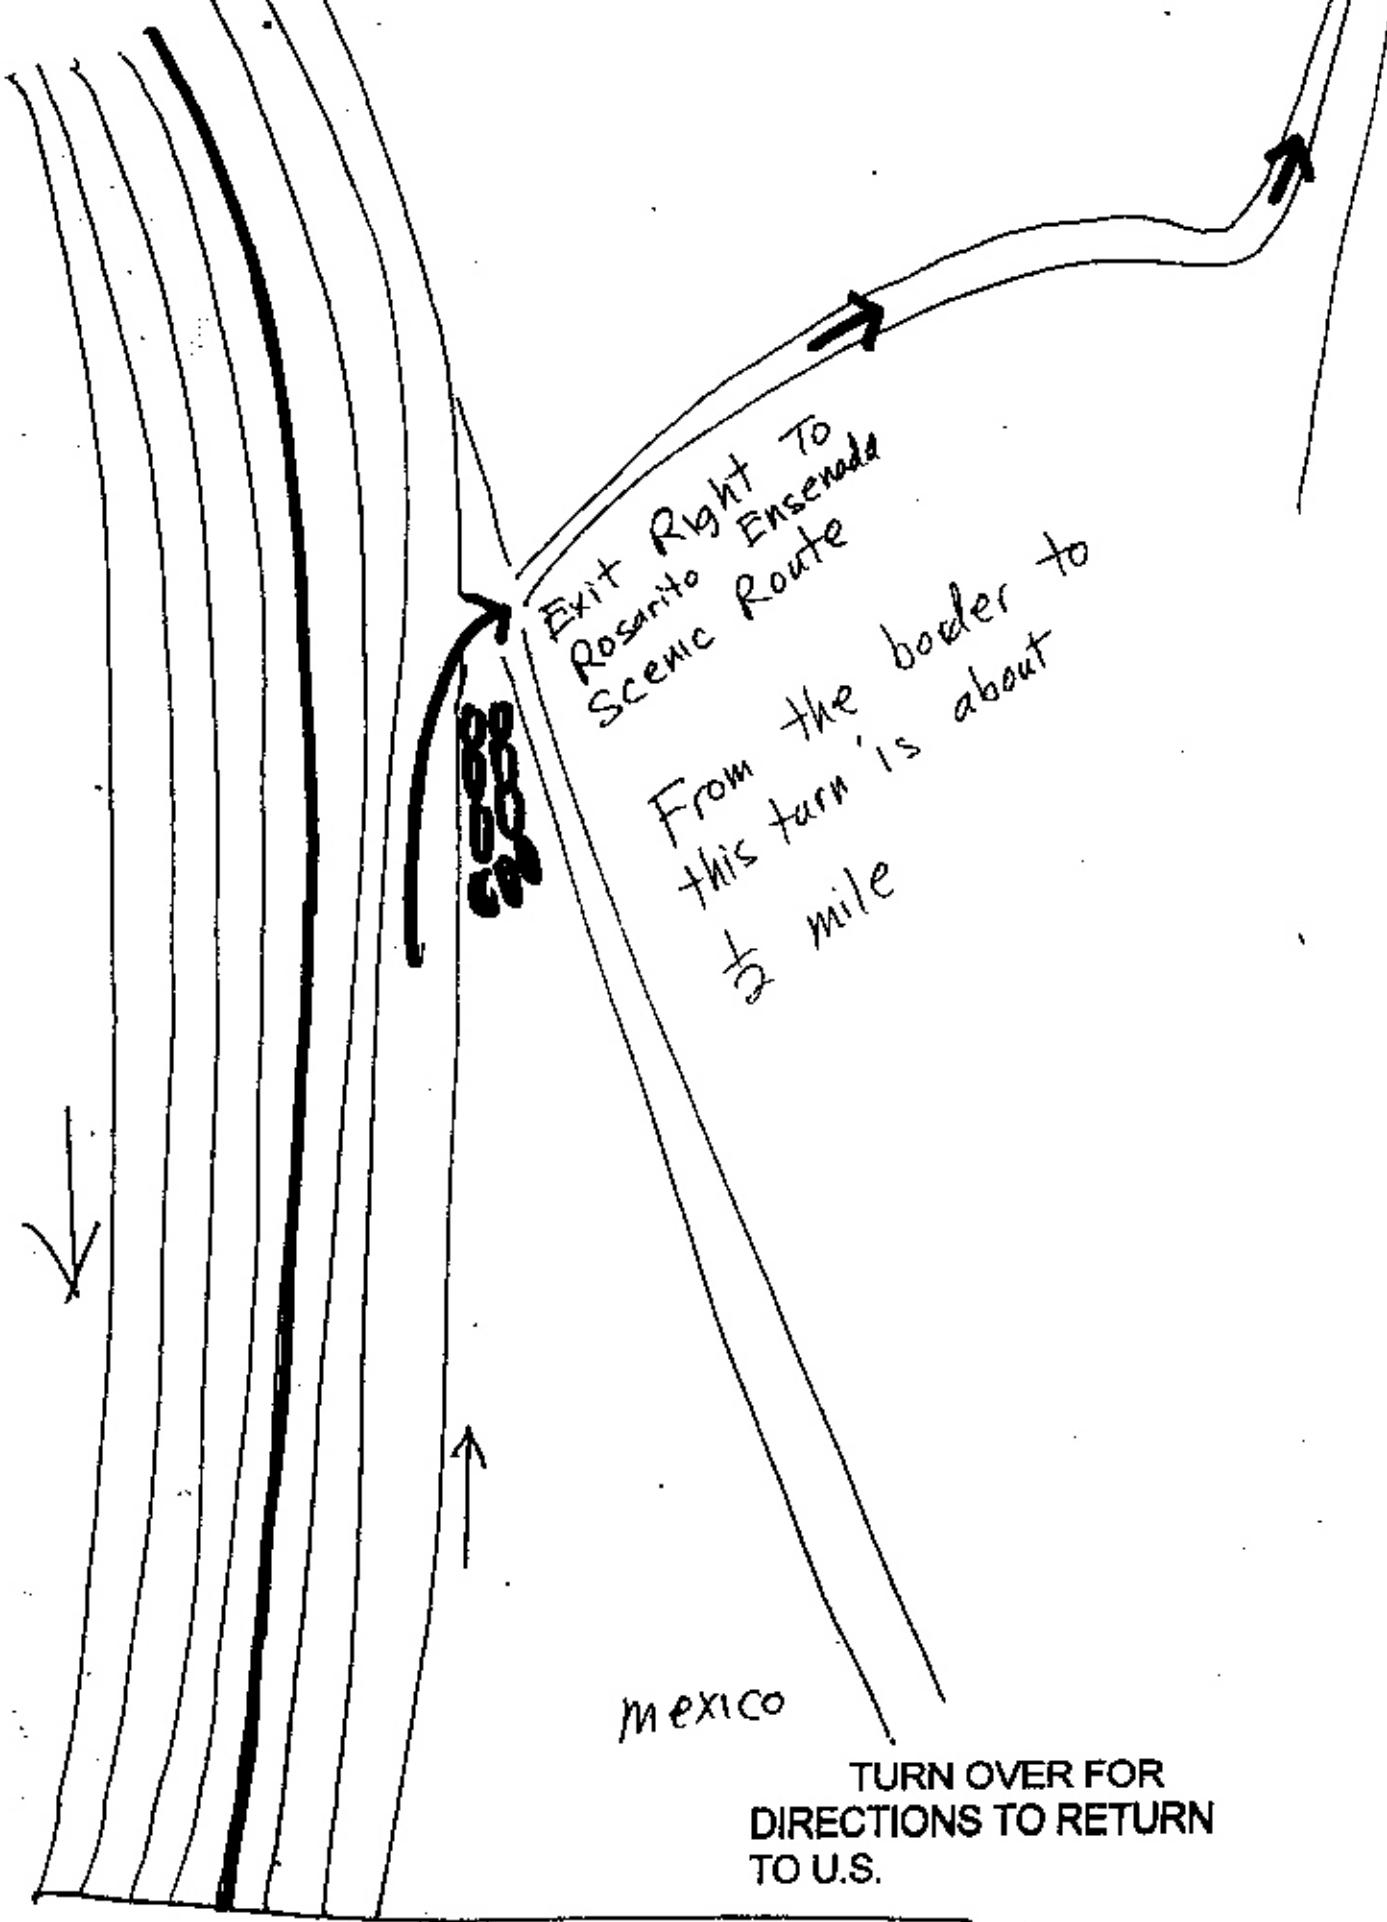

When you cross the border stay in the third lane from the left-hand center divider following the sign that says Rosarito Ensenada Scenic Route. Look at your odometer as you go thru the red and green light as you cross the border. From this point you will drive one half of a mile and then you will be turning right onto a narrow exit which is an overpass and will take you to a two lane road along the US/Mexican border. (See attached drawing)

You will now drive along the US/Mexico border for about 3.4 miles gradually going up a long hill and then down a hill. As you start down the hill get in your right lane and turn right continuing towards the toll road. Bear left following signs that will say: Route 1 Rosarito Ensenada Cuota. You will pay about \$2.50 (U.S.). After driving about 21 miles you will pay a second toll of about \$2.50. Drive another 8 ½ miles and exit at Puerto Nuevo, Calafia. Drive down the ramp to the frontage road and turn right. Drive north .8 miles and then turn left into Las Gaviotas.

Show the guard your pass. The guard will give you a copy of the community rules and place a sticker on your windshield.

Turn left on the first street and drive almost to the end of the street. Baja Paradise is the second to the last house on your right, 94 Los Pelicanos East.
